

I wish I could be with you at
the party would have enjoyed
myself that I well know
better than with any other girl
on earth, but I guess you had
as good a time as if I had been
there didn't you sweet heart
Well I have not very much news
of interest to you so I had better
close for this time for fear I
write to much and you will
get tired of reading this letter.
I have not the time to gather any
flowers at present but will send
you some flowers soon by mail or
express I will let you know how
they come. Well good by sweet heart
for this time. Write soon to one
who loves you Dear Fannie,

Yours Truly

Walter, Andley city
